

MESSAGE

'Constitution is not a mere lawyers document, it is a vehicle of Life, and its spirit is always the spirit of Age.'

Dr. B.R. Ambedkar.

26th November, is celebrated as the Constitution Day and on this auspicious day, I am happy to note that the Goa High Court Bar Association and its Editorial Team will be launching the Digital Magazine '*On and Off the Record*'.

Education and Information are vehicles to reach out to one and all. It is necessary to enlighten people and create awareness amongst people about their rights and the freedoms guaranteed to them under the Constitution. A well informed society, where principles of liberty, equality and fraternity are practised, is what the framers of our Constitution believed.

The launch of the Digital Magazine is keeping in tune with the pace of technological advancements in the digital era. This magazine will provide easy access to contents, to all lawyers and will provide a platform to bring in the forefront issues of common interest and constructive discussion thereon.

Information to all – is the key, thus, eliminating barriers of time and distance. Technology increases the speed and breadth of knowledge. I am confident that the Digital Magazine will benefit all stakeholders, particularly the new entrants in the legal profession.

I take this opportunity to congratulate the Goa High Court Bar Association and its Editorial Team and wish them all the success for the Digital Magazine '*On and Off the Record*'.

Best wishes,

Justice Smt. Revati Mohite Dere
